

Chemical Awareness

City & Guilds Assured

Designed as an introduction for those whose role involves handling, using or storing chemicals on site. Builds an awareness of the dangers and hazards surrounding chemicals. Covers chemical coding, identification, safety precautions and emergency procedures to be taken in the event of splashes or spills.

Suitable as either an introduction for new employees or a refresher training course for more experienced people.

We deliver a range of bespoke courses designed for the dairy, food and beverage industries.

Modules covered within the course:

- Chemical Accidents
- Chemical Types
- Safety Data Sheets (SDS)
- Purpose of Chemicals
- Chemical Hazards
- Personal Protective Equipment (PPE)
- Safety Showers & Eye Wash Stations
- Emergency procedures

Flexible learning environment.

Virtual or Classroom – based options available.

Certificates of training issued to all successful participants.
