

Water Treatment Storage Products

Technical Details and Specifications

*The Power behind
the Solution*

TITAN

Dosing Tanks

Model	DT50
Capacity Ltr/Gal	50/11
Diameter	425mm
Height	500mm
Weight	3.5Kg
Cap Size: 190mm - Aperture: 130mm	

Model	DT100
Capacity Ltr/Gal	100/22
Diameter	495mm
Height	700mm
Weight	7.5Kg
Cap Size: 190mm - Aperture: 130mm	

Model	DT200
Capacity Ltr/Gal	200/44
Diameter	635mm
Height	785mm
Weight	11Kg
Cap Size: 190mm - Aperture: 130mm	

Model	DT300
Capacity Ltr/Gal	300/66
Diameter	660mm
Height	1075mm
Weight	16.5Kg
Cap Size: 190mm - Aperture: 130mm	

Model	DT500
Capacity Ltr/Gal	500/110
Diameter	815mm
Height	1100mm
Weight	21Kg
Cap Size: 270mm - Aperture: 195mm	

Model	DT1000
Capacity Ltr/Gal	1000/220
Diameter	1065mm
Height	1355mm
Weight	35Kg
Cap Size: 270mm - Aperture: 195mm	

BUNDS TANKS

Model	BD50	BD100	BD200	BD300	BD500	BD1000
Capacity Ltr/Gal	55/13	110/25	220/49	360/80	550/123	1100/244
Diameter / mm	680	805	970	940	1130	1825
Height / mm	285	325	395	620	680	560
Weight Kg	2.7	4	6	5.8	11	15

Brine Tanks

Model	BT038
Capacity Ltr/Gal	38/8
Diameter	340mm
Height	620mm
Weight	3Kg

Model	BT090
Capacity Ltr/Gal	90/20
Diameter	500mm
Height	620mm
Weight	4Kg

Model	BT120
Capacity Ltr/Gal	113/25
Diameter	610mm
Height	890mm
Weight	4.5Kg

Model	BT200
Capacity Ltr/Gal	205/45
Diameter	610mm
Height	890mm
Weight	8Kg

Model	BT330
Capacity Ltr/Gal	334/73
Diameter	650mm
Height	1220mm
Weight	14Kg

Model	BT380
Capacity Ltr/Gal	386/85
Diameter	815mm
Height	915mm
Weight	13Kg

Model	BT500
Capacity Ltr/Gal	500/109
Diameter	830mm
Height	1200mm
Weight	19Kg

Model	BT700
Capacity Ltr/Gal	703/155
Diameter	970mm
Height	1240mm
Weight	31Kg

Model	BT1180
Capacity Ltr/Gal	1182/260
Diameter	1050mm
Height	1500mm
Weight	39Kg

Model	BT1900
Capacity Ltr/Gal	1932/424
Diameter	1360mm
Height	1520mm
Weight	51Kg

Static Storage Tanks

Model	ST1500
Capacity Ltr/Gal	1500/330
Diameter	1200mm
Height	1694mm
Weight	50Kg

Model	ST2000
Capacity Ltr/Gal	2000/440
Diameter	1625mm
Height	1430mm
Weight	75Kg

Model	ST3000
Capacity Ltr/Gal	3000/660
Diameter	1625mm
Height	1826mm
Weight	87Kg

Model	ST4500
Capacity Ltr/Gal	4500/989
Diameter	1920mm
Height	2140mm
Weight	253Kg

Model	ST9000
Capacity Ltr/Gal	9000/1978
Diameter	2550mm
Height	2360mm
Weight	396Kg

Water Treatment Storage Products

Titan guarantee customers a range of high quality, high performance products that are renowned for their strength and durability. This goes without question for their range of water treatment storage products.

Titan's water treatment storage range includes dosing tanks, brine tanks and static storage tanks. The unique high specification design of each and every Titan product will guarantee that clients receive the water treatment storage solution to meet their requirements. For advice on chemical storage and compatibility, please contact our sales office.

Chemical Dosing Tanks

Specially designed for the water treatment and purification industry, the range of chemical dosing tanks available are suitable for a wide range of chemicals. All Titan products are designed and manufactured to exacting standards.

- One-piece moulding with smooth internal and external surfaces.
- Manufactured from medium density uv stabilised linear polyethylene.
- Split-level top design gives extra strength and provides an area for mounting equipment such as agitators, pumps etc.
- Supplied with screw caps for safety.
- A range of purpose-made bunds are available to take 110% of the relevant dosing tank capacity. Bunds are designed to be stackable for efficient transportation and storage.
- Available as standard in natural polymer (other colours are available subject to quantity, prices are available on request).

Brine Tanks

These extremely durable, one-piece moulded containers are available in a standard blue colour (other colours are available subject to quantity, prices are available on request).

- Manufactured from medium density uv stabilised linear polyethylene.
- Designed with smooth surfaces for easy cleaning.
- Available complete with drop-on lid to protect contents from contamination.

Static Storage Tanks

Titan static storage tanks are designed for bulk storage for a variety of chemical and water treatment applications.

- Manufactured from medium density uv stabilised linear polyethylene.
- Moulded in one-piece and designed for durability and practical usage.
- Come complete with manhole access (screw-fit lid on all models except ST9000).
- Available in black as standard, with natural as an option subject to quantity.
- Flat surfaces for mounting equipment such as pumps, agitators etc.
